- Bus stops, Railway platforms, Parks, Roads, Airports [Once a week], Pavements, Building walls, Gates, Corners [Once a week]
 - Painted external surfaces of vehicles [Twice a week]
-

Dosage:

AERIAL FUMIGATION:

Use Coflux BioClean Disinfectant at a dilution of **1:100** (10ml in 1ltr water) and fumigate with ULV Fogger at the rate of 1L per 2000 cubic. feet. (or 56.6 cubic meter) for indoor spaces. Allow at least 45 minutes before re-entry.

SURFACE SANITATION:

- For Critical/High human contact areas:
Use Coflux BioClean Disinfectant at a dilution of **15ml in 1ltr water**. Apply solution with mop, sponge or cloth, and allow a contact period of 10 minutes to air dry.
- For Non-critical/less human contact areas:
Use Coflux BioClean Disinfectant at a dilution of **6 ml in 1L water**. Apply solution with mop, sponge or cloth, and allow a contact period of 8-10 minutes to air dry.

Rinsing after disinfection may not be required as the product leaves behind a fresh fragrance. In case of wet surfaces, extra water can be pulled off with a wiper.

READY TO USE SPRAY:

Use Coflux BioClean Disinfectant at a dilution of **6 ml in 1L** (water). Transfer the solution in a spray bottle.

- Hard and soft surfaces (SPRAY): Use the ready to use solution on hard and soft surfaces such as cushions, curtains, desks, benches etc.
- ELECTRONICS: Use the ready to use solution on mobile phones, laptops or desktops. In case of wet surfaces, remove excess with a dry cloth. Keep away from open circuits, wires etc.
- VEHICLES: Use the ready to use solution on seat covers, car handles etc.

READY TO USE (OTHERS):

- Homes, Hospitals, Schools and Industries: Prepare a solution of Coflux BioClean Disinfectant at a Dilution Ratio of **10 ml per 1 Litre** of Water. Dip/ clean shoe bottom with the solution. Replace the solution once/ twice day depending on usage.

Composition	Percentage
Alkyl Dimethyl Benzyl Ammonium Chloride:	2.37% w/v
Alkyl Dimethyl Ethylbenzyl Ammonium Chloride	2.37% w/v

Technical Data	Coflux BioClean Disinfectant
Appearance	Transparent
Odour	Characteristic
pH	9-10
Solubility	Completely Soluble in water

Product	Pack Size
Coflux BioClean Disinfectant	1 X 1L
Coflux BioClean Disinfectant	1 X 5L
Coflux BioClean Disinfectant	1 X 20L
Coflux BioClean Disinfectant	Spray Bottles 1L
